

ت	اسم التدريسي	اسم الطالب	اسم البحث
1	ا.د. عبد الكريم جاسم	ايات خالد فاخر	1-The Relation ship between Neonatal Jaundice and maternal and Neonatal
		سما اثير مالك خضر	2-Passive smoking and severity of bronchiolitis in children attending Al-Emmamin medical city
		شهد جمال غضيب	-3effectivenese of phototherapy and type of feeding
		مصطفى محمد كريم	-4ommon causes of obesity in children attending AL-Emmamain medical city
		محمد صباح مطير حمد	5- Role of type of insulin in controlling type 1 Diabetes Mellitus
2	م. صبا عبد الكاظم	ام البنين علي اسماعيل	1 -Growth and developmental delay in preterm children during 1st 24 month after birth and its risk factors
		اية جمال عبد الرحمن	2-Neonatal jaundice incidence and risk factors at Alemamain Alkadhemian medical city
		زينب محمد حسين	3-Efficacy of salbutamol in treatment of children 2 > years with Bronchiolitis
		مرتجى عماد كاظم	4- effect of CPAP for preterm infant with RDS
		علي باسم امبيرم	-5 -Incidence of Gastroenteritis in children< 36 month at Alemamain Alkadhemain medical city
3	ا.د. هالة سامح عارف	منار ناجي شايل	1 -Hospitalization due to diarrheal disease in under 2 yr.s of age.
		عيسى كمال بهجت	2 -Nutritional assessment of hospitalized under 5 yr old children.
		احمد تقى عزيز نعمه	3- Hepatitis C infection in children
		خطاب هادي عبود	4 -infant feeding at the age of 3 moths ,an Iraqi sample Survey
		قيصر رحيم عبد علي	-5Cystic fibrosis in a sample of Iraqi children.
4	ا.د. شذى حسين علي	محمد وناس كدوم	1-Pediatric Chronic Kidney Disease
		عثمان محمد جاسم	2-Hypertension in children with Nephrotic syndrome
		اسامة احمد طالب	3-UTI in children with Nephrotic syndrome
		نور زكريا عباس داود	4-Hypertension in children on Hemodialysis
		بان حاتم جواد علي	5-UTI in children with acute diarrhea disease
5	ا.د. عبد الكريم محمد	سجاد عبد السميع	1-Clinical study of children with short stature
		مؤمل جعفر علي حمدان	2-Rickets in children below 2 years.
		انمار رستم احمد	-3 Incidence of bronchiolitis in breast fed

children below 2 years of age			
4-requency of ABO incompatibility in neonatal jaundice.	رقية جاسم عبد السميع		
5-frequency of parental diarrhea in pediatric age group.	كرار محمود علي		
1-growth parameter in patient admitted with CHD-	مريم عقيل جبار شنين	ا.م.د. سنان عبد الرزاق	6
2-micobiological profile of neonatal septicemia	ساره حيدر عبد الرزاق		
3-Treatment options in neonate with RDS	بشائر عامر عثمان نعيم		
4-epidemiological study on neonate admitted to NCU	طبية حيدر بندر عبد		
5-incidence of CHD in newborn	محمد علي عبد الامير		
1-maternal UTI as a risk factor of neonatal jaundice	ايمن جمال عبد الغفور	ا.د. اريج عبد العباس	7
2-knowlage of Iraqi mothers about risk factors and treatment of neonatal jaundice	نادين بشار طارق		
3-Prevalence and risk factors for occurrence of congenital anomalies in neonates at Al Emamain Al kadhemia Medical City.	مهيم صالح سلمان		
4-Association between childhood anemia and lower respiratory tract infections	زينب بهاء الدين حميد		
5-commonly used drugs in treatment of neonatal Sepsis in Al Emamain Al kadhemia Medical city.	سمية بشار محمد		
1-ocular manifestations of type 1 diabetes mellitus in pediatric.	حوراء زامل ارحيمة عبد	د. زينب عباس	8
2-knowledge of Iraqi mothers about vaccination	بنين عدنان عبد الرزاق		
3-Accidental poisoning in infant admitted to our hospital	زينب محمد غاتم		
4-Prevalence of anemia and its risk factors among children under 36 months old in children admitted to al Emamain Alkadhemia medical city	هاجر حازم محمد		
5-Risk factors of preterm birth in Al Emamain Al kadhemia Medical city	صفا عادل محمد
